planner did not come with a pen, as 2018's version did. ( not a huge deal, as I still have ink left in that pen, and will use it for the 2019 version :). Some may think that \$24 maybe a little steep for a planner, but for this product's features, layout of pages, size, and leather like cover, this one is totally worth it; don't hesitate and get one now!
