This was my textbook for an AP Human Geography class I took at my school. The teacher was barely adequate, and I basically taught myself everything from this book. H.J. de Blij knows how to write well. He doesn't just give you facts, either. You're taught how to spatially analyze worldwide phenomena, not just to memorize place names.

In the past, Kaplan's AP Human Geography books have been along the same lines as those by The Princeton Review and Barron's—but not quite as good. Generally, Kaplan questions are known for being too conceptually easy, which is why we normally recommend using this kind of book for some basic prep and practice questions.
