Borland Delphi 7.0. Borland Delphi is a Windows based Object Pascal development environment. It was based on the earlier Borland Pascal product and adds a GUI IDE geared towards Rapid Application Development. Some of its functionality was merged in to Borland C++ Builder but both continued to be sold alongside each other. Current supported versions are sold by Embarcadero Technologies.

WinWorld: Borland Delphi 7.0
Founded in 1983, Borland has helped thousands of organizations improve and automate their software development capabilities. In 2009 Micro Focus acquired

Borland, and continues to support the needs of software teams who must rapidly adapt to the increasing volume and velocity of evolving business requirements.
