MAP14: Eye of the Storm is the fourteenth map of Doom 64. The stage layout is a large castle surrounded by a moat filled with demons and zombies. The level introduces Arachnotrons (in Be gentle) in a regular level setting (Arachnotrons appear in MAP32: Hectic and MAP30, The Lair, which in all chronological fairness the player goes through before entering this stage), and the level has a stormy sky animation befitting its title.

A typical tropical cyclone will have an eye of approximately 30–65 km (20–40 mi) across, usually situated at the geometric center of the storm. The eye may be clear or have spotty low clouds (a clear eye), it may be filled with low- and mid-level clouds (a filled eye), or it may be obscured by the central dense overcast. There is, however, very little wind and rain, especially near the center.

By: Jonni Walker. Last month Hurricane Douglas quickly intensified to a Category 4 tropical cyclone as it passed Hawaii Islands. Using radar data, Allan Walker built a 3D model looking into the eye of Douglas, using Mapbox GL JS — including bathymetric data and topological data for the surrounding Islands. The animation follows the track of the storm, with the the sky changing colour depending on the local time.
