Watch the documentary and answer the following questions in the corresponding video segments. Feel free to use the Democracy in Action: A Study Guide to Accompany the film Freedom Riders (in 06-The Protest Cycle of the 1960s module). Your response should be between 250-500 words or no more than one page handwritten. 1. Who Were the Freedom Riders?

The saga of the Freedom Rides is an improbable, almost unbelievable story. In the course of six months in 1961, four hundred and fifty Freedom Riders expanded the realm of the possible in American politics, redefining the limits of dissent and setting the stage for the civil rights movement. In this new version of his encyclopedic Freedom Riders, Raymond Arsenault offers a significantly condensed and tautly written account. With characters and plot lines rivaling those of the most imaginative fiction, this is a tale of heroic sacrifice and unexpected triumph. Arsenault recounts how a group of volunteers--blacks and whites--came together to travel from Washington DC through the Deep South, defying Jim Crow laws in buses and terminals and putting their lives on the line for racial justice. News photographers captured the violence in Montgomery, shocking the nation and sparking a crisis in the Kennedy administration. Here are the key players--their fears and courage, their determination and second thoughts, and the agonizing choices they faced as they took on Jim Crow--and triumphed. Winner of the Owsley Prize Publication is timed to coincide with the airing of the American Experience miniseries documenting the Freedom Rides "Arsenault brings vividly to life a defining moment in modern American history." --Eric Foner, The New York Times Book Review "Authoritative, compelling history." --William Grimes, The New York Times "For those interested in understanding 20th-century America, this is an essential book." --Roger Wilkins, Washington Post Book World "Arsenault's record of strategy sessions, church vigils, bloody assaults, mass arrests, political maneuverings and personal anguish captures the mood and the turmoil, the excitement and the confusion of the movement and the time." --Michael Kenney, The Boston Globe

A firsthand exploration of the cost of boarding the bus of change to move America forward—written by one of the Civil Rights Movement's pioneers. At 18, Charles Person was the youngest of the original Freedom Riders, key figures in the U.S. Civil Rights Movement who left Washington, D.C. by bus in 1961, headed for New Orleans. This purposeful mix of black and white, male and female activists—including future Congressman John Lewis, Congress of Racial Equality Director James Farmer, Reverend Benjamin Elton Cox, journalist and pacifist James Peck, and CORE field secretary Genevieve Hughes—set out to discover whether America would abide by a Supreme Court decision that ruled segregation unconstitutional in bus depots, waiting areas, restaurants, and restrooms nationwide. Two buses proceeded through Virginia, North and South Carolina, to Georgia where they were greeted by Dr. Martin Luther King Jr., and finally to Alabama. There, the Freedom Riders found their answer: No. Southern states would continue to disregard federal law and use violence to enforce racial segregation. One bus was burned to a shell, its riders narrowly escaping; the second, which Charles rode, was set upon by a mob that beat several riders nearly to death. *Buses Are a Comin'* provides a front-row view of the struggle to belong in America, as Charles Person accompanies his colleagues off the bus, into the station, into the mob, and into history to help defeat segregation's violent grip on African American lives. It is also a challenge from a teenager of a previous era to the young people of today: become agents of transformation. Stand firm. Create a more just and moral country where students have a voice, youth can make a difference, and everyone belongs.

Modeled after the popular TV game show; features categories like state History, Geography, Exploration, People, Statehood, State Attractions, and lots more. Each category lists educational and entertaining answers--the student gives the correct question. Includes approximately 30 categories and 150 answers and questions. Kids love the Jeopardy-style format! This reproducible book features categories of your state to build quick-thinking skills. The categories includes missions, animals, landmarks, flag facts, ancestors, politics, settlers, statehood, trivia, first, potpourri and more.

In 1853, traveling was full of danger. Omnibus accidents were commonplace. Pedestrians were regularly attacked by the Five Points' gangs. Rival police forces watched and argued over who should help. Pickpockets, drunks and kidnappers were all part of the daily street scene in old New York. Yet somehow, they endured and transformed a trading post into the Empire City. None of this was on Elizabeth Jennings's mind as she climbed the platform onto the Chatham Street horsecar. But her destination and that of the country took a sudden turn when the conductor told her to wait for the next car because it had "her people" in it. When she refused to step off the bus, she was assaulted by the conductor who was aided by a NY police officer. On February 22, 1855, *Elizabeth Jennings v. Third Avenue Rail Road* case was settled. Seeking \$500 in damages, the jury stunned the courtroom with a \$250 verdict in Lizzie's favor. Future US president Chester A. Arthur was Jennings attorney and their lives would be forever onward intertwined. This is the story of what happened that day. It's also the story of Jennings and Arthur's families, the struggle for equality, and race relations. It's the history of America at its most despicable and most exhilarating. Yet few historians know of Elizabeth Jennings or the impact she had on desegregating public transit.

#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories from the Heart* In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. *The Freedom Writers Diary* remains a vital read for anyone who believes in second chances.

This essential guide helps teachers refine their approach to fundamental challenges in the classroom. Based on research from cognitive science and formative assessment, it ensures teachers can offer all students the support and challenge they need – and can do so sustainably. Written by an experienced teacher and teacher educator, the book balances evidence-informed principles and practical suggestions. It contains: A detailed exploration of six core problems that all teachers face in planning lessons, assessing learning and responding to students Effective practical strategies to address each of these problems across a range of subjects Useful examples of each strategy in practice and accounts from teachers already using these approaches Checklists to apply each principle successfully and advice tailored to teachers with specific responsibilities. This innovative book is a valuable resource for new and experienced teachers alike who wish to become more responsive teachers. It offers the evidence, practical strategies and supportive advice needed to make sustainable, worthwhile changes.

Learn how to design history lessons that foster students' knowledge, skills, and dispositions for civic engagement. Each section of this practical resource introduces a key element of civic engagement, such as defending the rights of others, advocating for change, taking action when problems are observed, compromising to promote reform, and working with others to achieve common goals. Primary and secondary sources are provided for lessons on diverse topics such as Alice Paul and the Silent Sentinels, Samuel Gompers and the American Federation of Labor, Harriet Tubman, Reagan and Gorbachev's unlikely friendship, and Lincoln's plan for reconstructing the Union. With Teaching History, Learning Citizenship, teachers can show students how to apply historical thinking skills to real world problems and to act on civic dispositions to make positive changes in their communities. Book Features: Ready-to-use lessons on important historical topics that are likely already part of the history curriculum. Materials that allow teachers flexibility in the way lessons are designed. Lessons aligned with important civic engagement themes, including ideas for additional historical topics that are useful to teach similar material. Strategies to help teachers facilitate the transfer of thinking skills and concepts (such as empathy, corroboration, and historiography) into the realm of civic engagement. Background knowledge customized for use with the documents included in the book.

Just as Hordea is about to embark on a journey into adulthood, he realizes the citizens of the three main planets in the Federation are dying at the hands of Boridus, their treacherous leader. As the citizens battle a mysterious disease and years of peace begin to vanish, Hordea seizes an opportunity to read Boridus's mind and learn of his diabolical plan. Seemingly left with no other choice, Hordea leads a group of friends to escape the planet aboard an old ship. As they head toward Amphosea, a safe haven where they hope to develop a plan to unseat Boridus and restore freedom, they are soon encouraged to return home to rescue their families. But when their pilot talks them into a daring journey back to Argwis via a slingshot, the friends celebrate their success with a wild party that causes all of them to fall into a coma and their unreliable ship to hurl through space without a pilot. With Boridus in hot pursuit, Hordea is eventually captured and transported to planetary headquarters, the others incarcerated, and communication severed with their mentor. In this continuing sci-fi adventure, a freedom fighter and his compatriots wage a dangerous battle for independence as a dictator unleashes his wrath onto the galaxy.
