Kelabu by Nadia Khan | Book Review September 19, 2017 I knew about Buku Fixi few years ago, together with Lejen Press. Bought few Lejen Press books before, but Kelabu is my first one with Fixi (I think) and the very first item I bought via Carousell :D. I feel like totally helpless and jobless and penniless right now. Expect more book reviews as I can't allocate my time and saving for any ...

Kelabu started off very relax and casual. It suits the readers nowadays whereby they can relate to the situation and everything. i think this is an important thing as the whole story itself holds a very heavy theme. if the writer were to write the story differently i dont think it would be as interesting as Kelabu now. So a big thumbs up there! \*wink\*

Kelabu by Nadia Khan [Muka depan novel Kelabu by Nadia Khan] Aku dengan bangganya telah menghabiskan baca buku novel ini. Pada yang masih mencari-cari novel melayu yang mengasah minda dan bukan cintan-cintun, aku cadangkan buku ini. [Spoiler Alert] Aku tabik hormat kepada penulis muda ini yang berani mengetengahkan isu ini, iaitu isu LGBT (Lesbian, Gay, Bi, and Transsexual). In Malaysia, this ...

From the gritty back streets of Kay El to the remotest rubber estates, from fishing boats to food courts, from ancient rainforests to air-conditioned shopping malls and condominiums, the eighteen enthralling stories in Tropical Madness explore varied aspects of Malaysia. Whether set in the kampung or the city these are insightful and evocative stories of a country where dark magic coexists with gleaming technology. Marc de Faoite sensitively deals with some of the realities of modern Malaysia and gives voice to a mix of marginalized and overlooked sectors of Malaysia's population, including immigrants, transsexuals, fishermen, ethnic minorities and sex slaves. (Buku Fixi)

Kalau ada yang sudi bertanya - warna apa yang aku pilih untuk melambangkan diri dan keadaan aku sekarang... aku akan pilih biru. Ada suatu ketenangan yang aku cuba capai dan kesedihan yang aku cuba lupakan dengan warna biru. Kalau aku jawab bagi pihak Amir - aku akan pilih kelabu. Tapi mungkin juga, warna tu sesuai untuk aku... (Buku Fixi)

KL NOIR: Red is the first of 4 volumes about the Malaysian capital city's dark side. There are 14 short stories and one essay about the seedy, the sinister and sometimes the spooky. You will find murder, drug-dealing, kidnapping, sexual depravity, prostitution, celebrity secrets, suicides, academic rivalry, gangsters, police brutality, cannibalism, black magic, creepy rituals, political corruption and even busking. It's all totally fictional. Well, maybe the cannibalism is.

In June 2011, Susan Spencer-Wendel was diagnosed with amyotrophic lateral sclerosis (ALS), more commonly known as Lou Gehrig's disease. It is a disease that systematically destroys the nerves that power muscles; Susan, forty-five years old and a mother of three, already walks with braces and is losing her ability to speak. Though Susan cannot stop the rapid decline of her body, she refuses to let her life stop before its time. Since her diagnosis, Susan has made sure that every day counts. She is more present than ever in her daily life, and ready to share her strength, determination and spirit. Susan's story began attracting interest when she published a piece in her local paper about a trip she took to see the northern lights following her diagnosis. But one of the most important adventures Susan planned took her to New York City with her

fourteen-year-old daughter, Marina. Susan and Marina, both big fans of TLC's Say Yes to the Dress, visited Kleinfeld Bridal, where the two shared the experience of Marina's search for the perfect dress for the wedding Susan will never see. *Until I Say Good-Bye* is a truly magical story and so much more than one woman's "bucket list." It's a celebration of life, a look into the face of death and an account of the effort we must make to show the people we love and care about how very much they mean to us.

A music loving teen with OCD does everything she can to find her way back to her mother during the historic race riots in 1969 Kuala Lumpur, Malaysia, in this heart-pounding literary debut. Melati Ahmad looks like your typical movie-going, Beatles-obsessed sixteen-year-old. Unlike most other sixteen-year-olds though, Mel also believes that she harbors a djinn inside her, one who threatens her with horrific images of her mother's death unless she adheres to an elaborate ritual of counting and tapping to keep him satisfied. A trip to the movies after school turns into a nightmare when the city erupts into violent race riots between the Chinese and the Malay. When gangsters come into the theater and hold movie-goers hostage, Mel, a Malay, is saved by a Chinese woman, but has to leave her best friend behind to die. On their journey through town, Mel sees for herself the devastation caused by the riots. In her village, a neighbor tells her that her mother, a nurse, was called in to help with the many bodies piling up at the hospital. Mel must survive on her own, with the help of a few kind strangers, until she finds her mother. But the djinn in her mind threatens her ability to cope.

Years after scandalizing Regency society by rejecting the county's most eligible bachelor, Lydia Templeton reluctantly agrees to assist a young woman in making a suitable match, an endeavor that proves challenging when her charge proves difficult to manage.

Despite living in the same three-flat house in the suburbs of London, the residents are strangers to one another. The bottom floor is home to Tam, a recent ex-cop who spends his days drowning his sorrows in whisky. On the middle floor is Nick, a young man with Asperger's that likes to stick to his schedules and routines. The top floor belongs to Karen, a doctor and researcher that has spent her life trying to understand the rising rates of autism. They have lived their lives separately, until now, when an unsolved murder and the man on the middle floor connect them all together. Told from three points of view, this book is about disconnection in all its forms; sexual, physical, parental and emotional. It questions whether society is meeting the needs of the fast growing autistic section of society, or exacerbating it. Thought-provoking and thrilling, *The Man on the Middle Floor* will leave readers talking.

Independent career woman Ratu needs a boyfriend—now. She can't stand her mother's nagging, and she'd rather die than be forced into an arranged marriage. Taking matters into her own hands, she trawls the internet in hopes of finding her dream man: tall, slim and look like a model. So when she meets a handsome stranger online who ticks all the boxes, will he turn out to be Mr Right? *Love, Lies and Indomee* is a sharp and witty novel about the struggles of finding love in 21st-century Jakarta.
