Indulge in your favorite hue (or two!) with fabric designer Jessica Levitt. Bright and bold quilt blocks pair same-color prints with strong solids for depth and lots of personality. Stitch random-width strips to a muslin base for a planned approach to improv. Giant-size blocks join together like a fun puzzle, forming a graphic secondary pattern when you piece the quilt top!

Recognition of states has commanded fresh attention since the break-up of multi-ethnic federations in Eastern Europe. New state practice concerning recognition requires a new assessment of how we think about recognition. Thomas D. Grant shows how an old doctrinal debate over recognition has faded, but how and why writers continue to use the terms of that debate. Grant goes on to argue that international decision-making process, not doctrine, is the more important issue surrounding recognition today.

Visit some of Europe's greatest galleries and view some of the world's most breath-taking paintings in the company of a knowledgeable tour guide. Beginning with the Renaissance and ending with the Modern era, Julian Porter introduces you to 149 specially chosen paintings and the artists who created them.

This is the ultimate guide to the new digital world of music. Cutting through myths, it offers a step-by-step introduction to what's possible for performers, composers, and listeners—addressing legal and ethical issues as well as the nuts and bolts of what equipment to buy and what services are available. Written in a friendly, easy-to-understand way, this book will be the first and only reference needed for anyone wishing to enter the world of computer music.
