Building number relationships and number sense can be a struggle. According to the common core standards, students in the

Get Free Number Sense Routines Building

1st grade should be able to count to 120. By 2nd grade students are expected to understand multi-digit numbers up to 1,000. For struggling students, there is a huge number sense gap that needs to be filled.

It wasn't until I read
Number Sense Routines:
Building Numerical Literacy
Every Day in Grades K-3 ,by

Get Free Number Sense Routines Building

Jessica F. Shumway, that I truly understood what number sense was and found ways I could support that understanding in my classroom. Since reading the first chapter of the book, I have incorporated a number

numerical literacy Every
Day in Grades K-3
routine in my daily
schedule, and from the very
first one, I have seen my
students' understanding of
numbers become one of their
greatest strengths.
