As an SEO specialist myself, it might seem odd for me to open a guide to SEO copywriting by saying that I actually despise that term. To me “ SEO copywriting, ” is reminiscent of days of old where it was all about shoehorning in as many keywords to website content as you could.

## ~~SEO Copywriting – 7 Tips and Tools for Beginners~~

SEO copywriting has traditionally been about optimizing web page copy by targeting keyword phrases in certain frequencies and densities. And yet search engine research shows that most of the factors that determine how a web page is ranked in a search engine are based on things that happen off the page itself. Modern SEO copywriting is all about crafting content so compelling that other people want to promote it by linking to it or sharing it, which increases your trust and authority and ...
