Art history is the study of aesthetic objects and visual expression in historical and stylistic context. Traditionally, the discipline of art history emphasized painting, drawing, sculpture, architecture, ceramics, and decorative arts, yet today, art history examines broader aspects of visual culture, including the various visual and conceptual outcomes related to an ever-evolving definition of art. Art history encompasses the study of objects created by different cultures around the world and t

Science and art for history is of essence to historians due to the fact that historical facts are often extracted orally or secondary through artifacts or manuscripts; from which at this point the historian begins the creation of historical writings from previous discovered facts. “Solving such puzzles of history involve both science and art.

One has to look no further than the audiences hungry for the narratives served up by *Downton Abbey* or *Wolf Hall* to know that the lure of the past is as seductive as ever. But incorporating historical events and figures into a shapely narrative is no simple task. The acclaimed novelist Christopher Bram examines how writers as disparate as Gabriel García Márquez, David McCullough, Toni

Unique among the "Art Of" series, The Art of History engages with both fiction and narrative nonfiction to reveal varied strategies of incorporating and dramatizing historical detail. Bram challenges popular notions about historical narratives as he examines both successful and flawed passages to illustrate how authors from different genres treat subjects that loom large in American history, such as slavery and the Civil War. And he delves deep into the reasons why War and Peace endures as a classic of historical fiction. Bram's keen insight and close reading of a wide array of authors make The Art of History an essential volume for any lover of historical narrative.

An exemplary survey that reassesses the impact of the most important books to have shaped art history through the twentieth century. Written by some of today's leading art historians and curators, this new collection provides an invaluable road map of the field by comparing and reexamining canonical works of art history. From Émile Mâle's magisterial study of thirteenth-century French art, first published in 1898, to Hans Belting's provocative *Likeness and Presence: A History of the Image before the Era of Art*, the book provides a concise and insightful overview of the history of art, told through its most enduring literature. Each of the essays looks at the impact of a single major book of art history, mapping the intellectual development of the writer under review, setting out the premises and argument of the book, considering its position within the broader field of art

This clear and concise new introduction examines all the major debates and issues using a wide range of well-known examples. It discusses the challenge of using verbal and written language to analyse a visual form. Dana Arnold also examines the many different ways of writing about art, and the changing boundaries of the subject of art history. Topics covered include the canon of Art History, the role of the gallery, 'blockbuster' exhibitions, the emergence of social histories of art (Feminist Art History or Queer Art History, for example), the impact of photography, and the development of Art History using artefacts such as the altarpiece, the portrait, or pornography, to explore social
