Reviewed in the United States on August 5, 2006. Both Frank

Gambale Technique Book I & II are essentially studies of five different improvisational approaches to tackle a particular chord type, namely: scale, pentatonics, arpeggios, triads, intervals. As such, Frank presents a wide range of harmonic possibilities on improvisation, based upon which the intelligent student can construct meaningful solos when these music elements are internalized.

## The Frank Gambale Technique Book II: The Essential Soloing ...

The Technique Book is a method for examining what all these possibilities sound like over a given chord. Gambale provides all the options and then tells you what his preferred sounds are in context. It ends up that what Frank plays are moving harmonic progressions superimposed over more or less static chords or vamps.
