The Legend of Starcrash. 4.36 (139 ratings by Goodreads) Paperback. English. By (author) Dolores Cannon. Share. - - - -'It was a multi-generational ship'- - - . As a hypotherapist specializing in past-life therapy and regression I have come across some strange cases when the client relives their other lives. This was such a case.

Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did the American Indians descend from the inhabitants of an alien spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes?

We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new worlds to explore.The memories of these soul journeys are recorded in our subconscious, and in Legacy from the Stars hynotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure.

This sequel to The Convoluted Universe - Book One provides metaphysical information obtained through numerous subjects by hypnotic past-life regression.

Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer space. These visits by ancient extraterrestrials did not end with their intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction.

THE BEGINNING What do you do when you discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1988, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

Sequel to Jesus and the Essenes. The past-life memories of two women capture a true and compelling portrait of Jesus the man, from the healing miracles he performed to the gentle philosophy he preached. This is an INSIDER view, direct from Jesus' time, deep in feeling tones and profound in implications, giving a sense of how things truly were. This book includes drawings of the Temple and Old Jerusalem, and includes scenes at the Temple in Jerusalem, visits to homes and leper colonies, political intrigues leading to the crucifixion, and also the personal feelings of those who met him. The realism of this information is astounding.

Dolores has accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past-life therapy. While retrieving past-life experiences, hundreds of subjects reported the same memories when experiencing their death, the spirit realm, and their rebirth.This book also explores: * Guides and guardian angels* Ghosts and poltergeists* Planning your present lifetime and karmic relationships before your birth* The significance of bad lifetimes* Perceptions of God and the Devil* And much more

The persistent memory of a horrible death, that reached across time and space, and caused a 22 year old American girl to seek past-life therapy, revealed the dramatic story of a Japanese man who was killed in the atomic bombing of Hiroshima. There have been many stories of pain, death and destruction told by survivors of the Hiroshima bombing. This is the eyewitness account of one who did not survive!This case revealed startling information about the Japanese side of the war. Research into the bombing also revealed terrible truths that the public was not aware of at the time of this dramatic ending of World War II.

The third and final book in their series contains 132 additional quatrains written and deciphered by Nostradamus himself, plus the exposure of bogus quatrains erroneously attributed to the great psychic Dolores Cannon has pierced the veil of the space/time continuum by her use of regressive hypnosis, to bring us warnings of events to come. This volume continues to work through various subjects and completes the interpretation of all the known prophecies.
