The groundbreaking
investigative story of how
three successive presidents
and their military
commanders deceived the
public year after year about
America's longest war,

Washington Post reporter and
three-time Pulitzer Prize
finalist Craig Whitlock.

Unlike the wars in Vietnam
and Iraq, the US invasion of
Afghanistan in 2001 had near-
unanimous public support. At

first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered

Get Free Victims Of Deception Robby And

off course and US officials
lost sight of their original
objectives. Distracted by
the war in Iraq, the US
military became mired in an
unwinnable guerrilla
conflict in a country it did
not understand. But no

president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making

Get Free Victims Of Deception Robby And

the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the

account is based on
interviews with more than
1,000 people who knew that
the US government was
presenting a distorted, and
sometimes entirely
fabricated, version of the
facts on the ground.
