The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a

For 9 to 13-year-old readers and their parents. Two 11-year-old boys, both social misfits and different from each other in most ways - one poor as dirt who hated school and one rich as a gold mine who loved it - chance upon each other and begin to form a friendship. As they work together to complete a tree house in the woods, they have wonderful talks about their lives, being eleven, their futures, parents, likes and dislikes and so forth. Ford, the rich kid, helps Jake realize that he's actually pretty smart, improve his grammar and

vocabulary, and even enjoy learning new things. Jake helps remodel Ford from a socially awkward, stuck-up rich snob - he didn't know he was one - into a more acceptable and likeable kid. And, oh yes, there's the bobcat that takes up residence in the tree house, a broken bone or two, that near drowning in the creek, and, well, other things. Lots of talk. Lots of excitement. Lots of fun.
